CONTEST

YOU as - *PCS Edventures Interviewer*

YOU as - *YOU Interviewee*

Industry demands are shifting fast.

Why is your specific CTE program the perfect environment for *Drone Pathways*?

The Flex UAV is modular — meaning students build before they fly.

How will this hands-on approach bridge the gap to the technical skills local employers want?

How will you use 'Crew Resource Management' to teach the communication and leadership that defines a true professional?
